Classes

Characters in *Planetfall* have one of four **Classes** which they can select their skills within. Each Class has a selection of Subclasses to offer specialisation - in order to unlock Subclass Abilities at higher ranks you must have at least one XP spent at each lower rank in that Subclass. At Rank 1 you can unlock any Ability from all of the Subclasses available.

You may also access General Abilities with the same rules of Rank (but have no Class or Subclass restrictions)

Respeccing

Sometimes your character doesn't play out the way you expect, and you find you'd like to respend your skill points. You may always choose to do this as a Downtime action - it is encouraged to roleplay around this decision in your character's life.
