  - There is no bonus to consume multiple vials.
  - Once you consume your third vial you will gain the following effects (1/3 consumed):
    - Psychic Power - you may call YOU: PUSH once per Encounter and always have a use of MISS that recharges with 5s of meditation; OR you may choose the ability to communicate silently with your allies (put two fingers in the air when talking to them).
    - Reliance - you NEED more Scrum+. If you are unable to access Scrum+ during a Mission then you will lose 2 maximum body hits.
  - If you start taking Scrum+ and then stop before taking a third vial, you will gain the following effect:
    - Withdrawal - you have a stonking headache for the duration of your next Mission.
- 2 vials of New Improved Scrum+
  - As Scrum+, plus:
    - Once per vial of Scrum+ you may call MASS SLOW as you move incredibly fast for 10s.
    - Fire In Your Veins - When you have a MASS SLOW stored from New Improved Scrum+, you take BURN at a 3s shorter duration.
    - Dependence - for every Encounter where you do not have a MASS SLOW from New Improved Scrum+ stored, you take BURN at a 5s longer duration.
- Stun gun
  - You may use a charged ranged weapon to call YOU: CLUNK against unaware enemies

- Squintessence drone: You may sacrifice your drone for the rest of the mission, locking out all drone-related skills, in order to call HEAL 3 on yourself. This may be used even when downed.
