Master Languid Relaxation, 1413	Re-establish contact with <a href="#">Volcanostone</a> and recruit them to more permanently aid the <del>Dynasty</del> Siruta. Overall goal is to have a large, Dynasty controlled stick that can be wielded in future negotiations (NB: My scheduling is awkward until we move, so no rush on this)	2022-05-31

### Completed

Character	Description	Mission
Budding Leaf	Investigate/remove the Mnemonic virus.	Bone Tussle
(Tiny Ember)	Addendum to Budding Leaf's request: Ember has offered to help arrange use of the <i>Firebrand-TE3</i> 's holodeck. The holodeck currently contains a simulation of <a href="#">Charismatic Wheelhouse</a> hidden within a Vyix IX spa program. Edit: I have a potential plan! The whole problem started because Zero Hiding decided to do an evil playthrough of Overworld, resulting in Impact becoming antagonistic. Therefore, what we do is load up a fresh version of Overworld (without another copy of Impact) and play through making friends with everyone and taking all the good options. Then Impact will see that Leaf isn't so bad after all and leave them alone.	Bone Tussle
